Perfect Accuracy Information

When Perfect Accuracy is enabled you hold the ADS button and R1/RB and it will perform Perfect Accuracy, which pretty much burst a few bullets, waits for the recoil to set back down and repeat.

Rumble Block Information

When Rumble Block is enabled you will not be able to use rumble based mods such as MW Rumble, CW Rumble and or Rumble Based Anti Recoil.

Auto Run and Auto Ping Timer Information

When Auto Run or Auto Ping is enabled you will be able to choose the timer delay for those mods. Keep in mind every 1000 = 1 full second.

Profile Swap Information

If the profile that's loaded isn't what you're wanting, Hold ADS and tap LEFT to reset it, Otherwise it will switch everytime you swap weapons.
